[STINT - THE SWEDISH
FOUNDATION FOR
INTERNATIONAL
COOPERATION
IN RESEARCH
AND HIGHER
EDUCATION](#)

Stint was set up by the Swedish Government in 1994 with the mission to internationalise Swedish higher education and research. STINT promotes knowledge and competence development within internationalisation and invests in internationalisation projects proposed by researchers, educators and leaderships at Swedish universities.

STINT invests in young researchers' and teachers' international collaborations. Moreover, STINT's ambition is to be a pioneer in establishing strategic cooperation with emerging countries in research and higher education.

They offer

- Initiation grants – for short-term projects targeting the building of new and strategically interesting international relationships
- Mobility Grants for Internationalisation – supports projects of high scientific quality which are clearly contributing to the activities of participating institutions

Applications for the "Initiation Grants" can be submitted throughout the year. Assessments has previously been 5 times a year.

Applications for the "Initiation Grants" can be submitted throughout the year. More region-specific opportunities are announced in an open call on their website.

[WALLACE
GLOBAL FUND](#)

The Wallace Global Fund supports activities and movements that are global or national in scope. They consider significant local or regional initiatives with the potential to leverage broader national or global impact. Proposals can be for either core or project-specific support.

WGF does not fund the purchase of land, capital construction, profit-making businesses, debt reduction, endowment campaigns, fundraising drives/events, or scholarships, tuition assistance or other forms of personal financial aid.

Applicants based in the United States must be registered 501(c)(3) non-profit organizations. Applicants based outside the United States must show 501(c)(3) equivalency under U.S. law and, if invited to submit a proposal, will be asked to sign an affidavit stating this equivalency. Potential grantees without 501(c)(3) status will be asked for further documentation regarding the charitable purpose of the activity.

All applicants must submit a letter of inquiry of no more than two pages briefly describing the mission and history of the applying organization, goals of the initiative(s), specific objectives, and accompanying strategies. The letter must also state the organization's current annual operating budget and primary sources of income. Applicants based in the United States must also include as appendices the IRS 501(c)(3) documentation letter and a copy of the most recent IRS Form 990. Please do not submit proposals or any other materials such as annual reports, press coverage materials, or DVDs with a letter of inquiry."

The World Institute for Development Economics Research of the UN University invites applications for Visiting Scholars Programme.

The Visiting Scholars Programme gives qualified scholars an opportunity to research topics related to the development and/or global economic issues, and to participate in UNU-WIDER activities.

[WORLD INSTITUTE FOR DEVELOPMENT ECONOMICS RESEARCH OF THE UNITED NATIONS UNIVERSITY](#)

Scholars typically spend a 2-3 months 'sabbatical' at UNU-WIDER. During this time they prepare one or more papers to be considered for publication in the WIDER working paper series, and present a seminar in their field of research.

Applicants should have a PhD degree in economics or a development-related discipline. A good publication record is an added advantage. Applications from suitably qualified early-career, female, and developing country researchers are particularly encouraged.

The programme has resumed for the 2022 academic year with another cohort currently in Helsinki.

UNU-WIDER also issues occasional calls for proposals on different topics for interested (academic) researchers and NGOs for "small-medium" grants (6000-10000 USD). Studies are often empirical with rigorous data/methodology and policy orientation.
